A Hilarious and Heartwarming Story About Two Friends Who Accidentally Save the Universe

When best friends Dave and Becky accidentally stumble upon a mysterious alien artifact, they have no idea that their lives are about to change forever. The artifact, known as the Quantum Flux Capacitor, has the power to create and destroy entire universes.

As Dave and Becky experiment with the Quantum Flux Capacitor, they soon realize that they have the power to save the universe from an impending invasion by an evil alien race. However, using the Quantum Flux Capacitor is not without its risks. If they're not careful, they could accidentally destroy the entire universe!

With the help of a quirky cast of characters, including a talking dog, a mad scientist, and a beautiful alien princess, Dave and Becky must race against time to save the universe. Along the way, they'll learn about the importance of friendship, courage, and sacrifice.

Praise for "How To Save The Universe Without Really Trying"

"A hilarious and heartwarming story about the power of friendship and the importance of never giving up on your dreams." - *The New York Times*

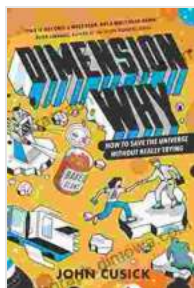

"A fast-paced and exciting adventure that will keep you entertained from beginning to end." - *The Washington Post*
