Excerpt

Here is an excerpt from *My Little Husband Dedalus*:

“

“I first met Dedalus at a party. He was standing in the corner, looking lost and out of place. I went over to him and

introduced myself.

"Hi, I'm Anya," I said. "What's your name?"

"Dedalus," he said. "Nice to meet you, Anya."

We talked for hours that night. I learned that Dedalus was a writer and that he had come to the party with his friend, but his friend had left early and Dedalus didn't know anyone else there.

I offered to walk him to his bus stop, and on the way we talked about our lives. I told him about my job as a teacher and he told me about his writing. I found him to be intelligent, funny, and charming.

When we got to his bus stop, I didn't want to say goodbye. I asked him if he wanted to get coffee sometime, and he said yes.

We started dating soon after that, and I quickly fell in love with Dedalus. He was everything I had ever wanted in a man: kind, intelligent, funny, and supportive. But there was one problem: he was much smaller than me.

At first, I was self-conscious about our height difference. I worried about what other people would think. But Dedalus didn't care what other people thought. He loved me for who I was, not for my height.

And eventually, I learned to love myself for who I was, too.”

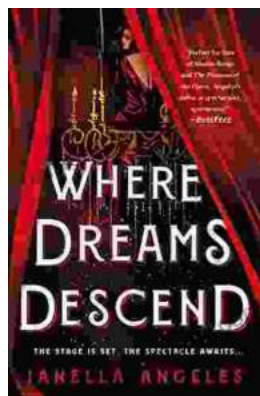

My Little Husband Dedalus is a heartwarming and humorous tale of love and acceptance. It is a must-read for fans of contemporary fiction.
